

# Make a Brown Paper Bag Piñata

## Supplies

- Brown paper bag. The type you might use for lunch.
- Stapler
- A handful of candy. (You can also include stickers or small toys like whistles and yo-yos.)
- Crepe paper, wrapping, or post-it notes (to decorate).
- Scissors
- Hole punch
- Tape or glue
- String

## Steps

1. Put the candy or toys in the bag. Make sure you fill only half the bag, so it doesn't become too heavy and break.
2. Fold the mouth of the bag once.
3. Staple the mouth of the bag and make two holes at the top for the string.
4. Cut the crepe paper into strips about the length of your arm.
5. Cut enough strips to wrap the bag.
6. Starting at the bottom of the bag, use glue or tape to attach the tissue paper around the bag. Attach the strips until you wrap and attach the strips all the way around to the top.
7. Run enough string through the holes to hang it.
8. Wear a blindfold (or a scarf) and have fun hitting it!
